**Charges:**

1. Develop suggested state regulations that may be helpful to radiation regulatory programs on whole body x-ray security screening systems used in correctional facilities and other security-sensitive buildings.
2. Consult the G-72 “Technical White Paper: Guidance for State Programs that Regulate Whole-Body X-Ray Security Screening System”.
3. Review existing state regulations on security systems and consult personnel from states with regulations in developing the SSR.

Note: When a Letter/Number combination appear in brackets after a charge, it denotes how the charge links to CRCPD’s Goals and Objectives, as listed in [CRCPD’s Strategic Plan](#).
