

R.O.S.S. TRAINING ANNOUNCEMENT

TAKE THE FIRST STEP

Waltham, MA: September 23-26, 2024
TIME: 8AM-5PM

DESCRIPTION

The CTOS PER-388 course trains radiological specialists to become candidates for the position of Radiological Operations Support Specialist (ROSS).

A ROSS is a State and local Subject Matter Expert (SME) tasked with identifying and providing critical information pertaining to radiological or nuclear incidents to responders, key leaders, and decision makers in an Incident Command System environment.

FEMA ROSS fact sheet:
https://www.fema.gov/sites/default/files/documents/fema_emerging-threats-ross.pdf.
