SR-EE Suggested Regulations – Part EE: Development of Rules Pertaining to Fusion Facilities

Charges:

1. Develop CRCPD Suggested State Regulations for Control of Radiation, pursuant to parallel rulemaking process and rules of federal agencies, that may be helpful to radiation regulatory programs on fusion facilities. [G1 - O2, O4]
2. Review and comment upon both the content and planned compatibility designations of existing and proposed rules and guides of federal agencies and standards organizations affecting the Part in the group's purview. [G1 - O3, O4]
3. Review proposed regulatory initiatives in the early development at the federal level and provide an analysis to the states through OED. The analysis is to include the appropriateness of the proposed compatibility designations, particularly those with Health and Safety significance. [G1 - O3, O4]
4. Consult with states that have existing or incoming fusion facilities in developing the SSR,
5. Consult with E-47 Committee on Commercial Nuclear Power, to include the white paper on the state regulation of commercial fusion facilities.

Note: When a Letter/Number combination appear in brackets after a charge, it denotes how the charge links to CRCPD's Goals and Objectives, as listed in [CRCPD's Strategic Plan](#).
